The 4 Internet revolutions

And the companies created by them or raising with them

Revolution 1

ISP companies

Telecom operators like:
Movistar, Vodafone, Orange, Claro, Tigo, CW...

We do

We send and
we receive
SMS and emails.

We verify

We verify the status of
emails, phones and
identity documents.

We prove

We carry out and we
certify the notification,
the transaction or the
contract.

Revolution 2

Content network companies

Content network companies like:
Beln, Canal+, Google, Facebook, LinkedIn...

We do

We send and
we receive
SMS and emails.

We verify

We verify the status of
emails, phones and
identity documents.

We prove

We carry out and we
certify the notification,
the transaction or the
contract.

Revolution 3

Physical product sales

Companies like:

Ulabox, Nintendo, Ford, BMW, Volkswagen, Honda...

We do

We send and we receive SMS and emails.

We verify

We verify the status of emails, phones and identity documents.

We prove

We carry out and we certify the notification, the transaction or the contract.

Revolution 4

Services and rentals

Banking, Fintechs, Utilities, or Insurance companies:
Bankinter, Popular, Endesa, Holaluz, Mapfre, Balumba...

We do

We send and we receive SMS and emails.

We verify

We verify the status of emails, phones and identity documents.

We prove

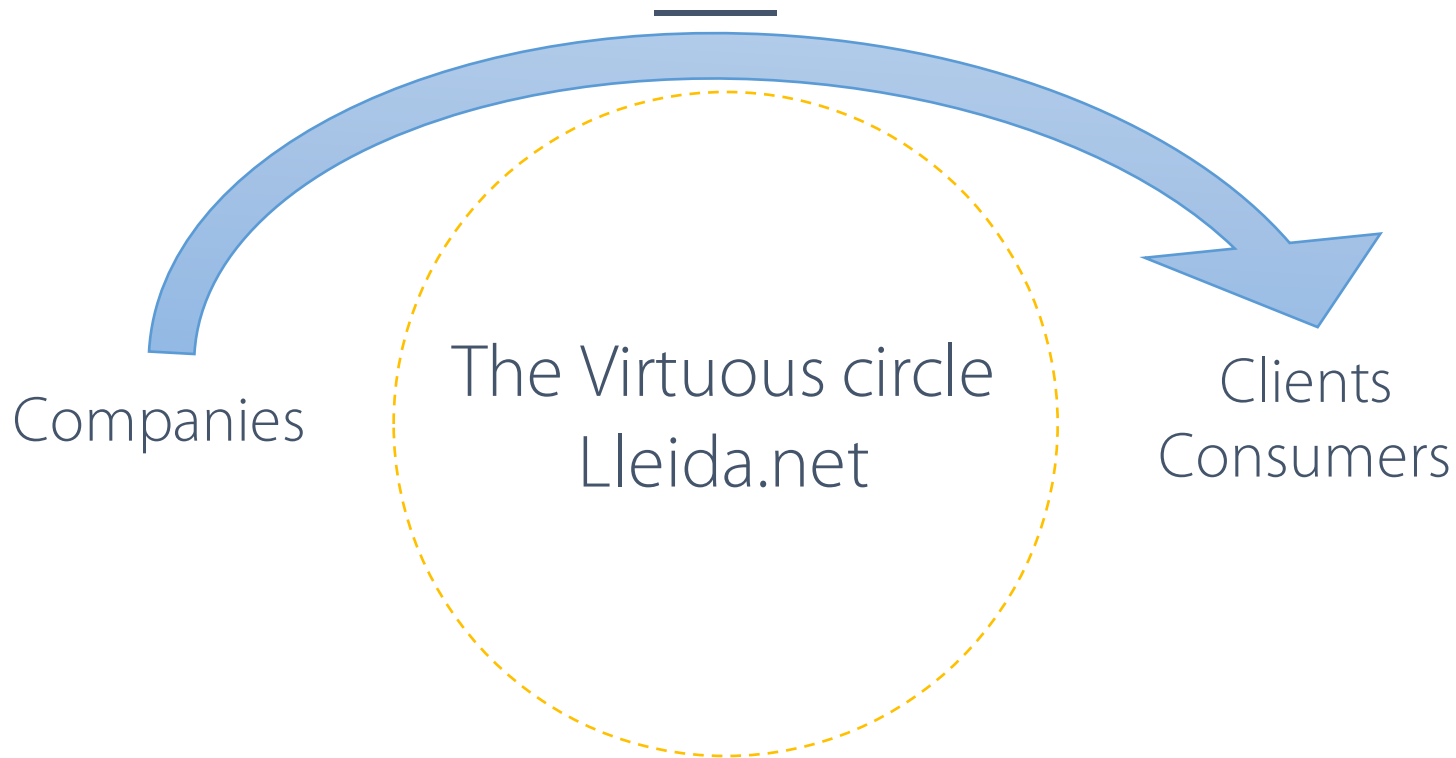

We carry out and we certify the notification, the transaction or the contract.

Having clients coming from all the Internet revolutions and providing them with different services allowed us to create

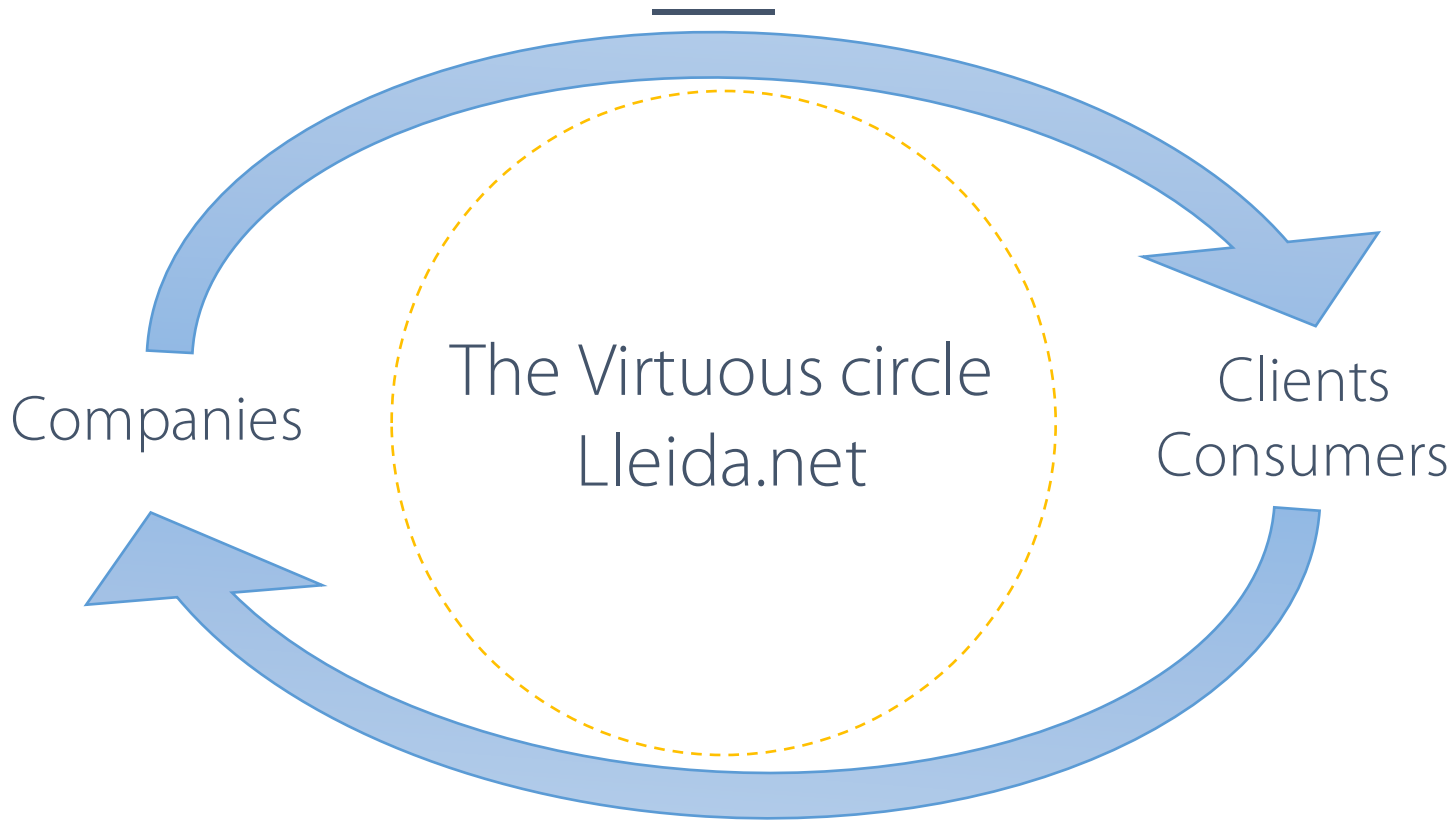

The Virtuous circle
Lleida.net

When the economy crashed our services are used to
claim and to be cost effective

And when the economy grows the same services are used to sign contracts and to increase effectiveness with regard to competitors
