Madrid, 04 May 2020.

Relevant event:

Lleida.net will provide ALD Automotive S.A.U. registered notification and contracting services for its car rental services.

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 06/2018 of the Spanish Alternative Investment Market (MAB), we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A. (hereinafter, "Lleida.net" "The Company" or The "Group"):

The company ALD Automotive S.A.U. has engaged Lleida.net contracting and electronic notification services, for the management of their car rental contracts, as well as reliable communications to their clients.

ALD Automotive, a fully owned subsidiary of Société Générale group, is the company specialized in vehicle rental services to a client base of large corporates, SMEs, professionals and private individuals. ADL is active in 43 countries, employs 6,500 staff members and manages around 1,76 million vehicles. In Spain, it has a client base of over 27,000 clients and a fleet exceeding 119,000 vehicles.

Current lockdown measures make traditional delivery methods difficult to use, signature of notifications and contracts, since they cannot be delivered or signed in person, and they are gradually being replaced by electronic notification procedures such as those developed and patented by Lleida.net.

We are available for any clarifications needed.

Sincerely,

Francisco Sapena Soler

CEO and Chairman of the Board of Directors
