Madrid, 6 May 2020.

**Relevant event:**

**Lleida.net will provide South African Post with Registered SMS and Registered email service to its clients.**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 06/2018 of the Spanish Alternative Investment Market (MAB), we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A. (hereinafter, "Lleida.net" "The Company" or The "Group"):

The South African Post company has contracted Lleida.net's authorized sales channels in South Africa, Registered SMS and Registered Email services to offer it to its customer base in the country.

South African Post, the national postal office in South Africa, is the leader in its country as for postal and parcel services, as well as Postal Bank services, money transfer and vehicle licence management, with an annual turnover of 5,270 million Rands.

Current lockdown measures make traditional delivery methods difficult to use its paper counterpart, signature of notifications and contracts, since they cannot be delivered or signed in person, and they are gradually being replaced by electronic notification procedures such as those developed and patented by Lleida.net.

We are available for any clarifications needed.

Sincerely,

Francisco Sapena Soler

CEO and Chairman of the Board of Directors
