**Patent on registered electronic mail with recognised electronic signature granted to
Lleida.net by the Republic of Singapore**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 6/2018 of the Spanish Alternative Investment Market, we inform LLEIDANETWORKS SERVEIS TELEMÀTICS S.A.: (hereinafter “Lleida.net”, or “the Company”) wishes to inform the following:

The Intellectual Property Office of Singapore has granted Lleida.net a new patent on registered electronic mail under the name ‘**METHOD FOR THE CERTIFICATION OF ELECTRONIC MAIL CONTAINING A RECOGNISED ELECTRONIC SIGNATURE ON THE PART OF A TELECOMMUNICATIONS OPERATOR**’ and number **11201805522V**. The concession is for 20 years.

The advantage of the registered electronic mail with recognised signature method is that it keeps the integrity of the recognised electronic signatures in the body of the electronic mail, which cannot be achieved in classical approaches for registered electronic mail.

This is the 184th worldwide patent granted to Lleida.net on online registration, notification, and contracting, being one of the biggest patent portfolios in the industry worldwide.

We look forward to being able to answer any appropriate question.

Sincerely,

Madrid, 12th August 2020.
