**Lleida.net's eKYC onboarding service chosen by Peruvian Superintendencia del Mercado de Valores**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 6/2018 of the Spanish Alternative Investment Market, we inform LLEIDANETWORKS SERVEIS TELEMÀTICS S.A.: (hereinafter “Lleida.net”, or “the Company”) wishes to inform the following:

Our service of video identification and remote registration, eKYC Onboarding, was chosen by Peruvian Superintendencia del Mercado de Valores (SMV) for the identification of legal persons.

The eKYC onboarding (electronic Know Your Customer) service is a system developed by Lleida.net enabling the identification through videocall via cellphone or computer. It records the video session, requests the ID documents to the user, checks their integrity, fills a document (for instance, a contract, an affidavit or any other document), and finally it is electronically signed, generating the certification for the whole transaction with all its documents.

The system is used and implemented in organizations with remote identification and contracting needs anywhere in the world, such as banks, insurance companies and regulatory bodies.

We look forward to being able to answer any appropriate question.

Sincerely,

Madrid, 14<sup>th</sup> August 2020.
