Remote working trend spurs Spanish telco Lleida.net to **best results in its 25-year** history

By Reuters Staff2 MIN READ

Jan 25 (Reuters) - Spanish telecom firm Lleida.net said on Monday its 2020 results were the best in its 25-year history, after COVID-19 lockdowns boosted its digital signature business.

The Madrid-listed small cap firm said preliminary sales in its software-as-a-service line more than doubled in the fourth quarter, and rose 59% in the full year, as widespread remote working since the beginning of the pandemic boosted demand for its digital signature services.

TWO DAYS AGO WE
PRESENTED OUR BEST
RESULTS EVER.

WE ARE A COMPANY:

- With an accumulated growth of 20% in sales.
- Annual growth in the SaaS line of 59% and quarterly of 107%. We went public to develop and enhance certification services
- International agreements on four continents
- With one of the best performance of the European stock market last year.
- More than 2000 shareholders.
- With the largest portfolio of patents in the sector.
- With net financial debt in our favour
- With five million euros in cash
- Listed on three markets: OTCQX New York, BME Growth and Euronext Growth.
- With 20 quarters with positive EBITDA. Four years making money.

SALES BY BUSINESS LINE IN THOUSAND EUROS

EVOLUTION OF SaaS BUSINESS LINE SALES

SaaS Accumulative sales (thousands of euros)

SaaS sales increase by 107% quarterly, resulting from:

- Implementation of projects signed at the beginning of 2020.
- Increase in international sales, with growth in Colombia and South Africa.
- Signature of relevant international contracts such as Emirates Post, but also national ones, such as Generali, Santander Merchant Services and Indra.

SaaS Quarterly sales (thousands of euros)

EVOLUTION OF SALES OF THE WHOLESALE SMS LINE

The new waves of COVID infection and the increased competition from operators to compensate for some of the loss of their Roaming benefits has led to a drop in quarterly sales compared to 2019, with figures really impressive.

Still no much Hospitality traffic, (airline tickets, hotel reservations and holiday accommodation,.).

Accumulative SMS Wholesale Sales (thousands of euros)

Quarterly SMS Wholesale Sales (thousands of euros)

EVOLUTION OF SALES OF THE COMMERCIAL SMS BUSINESS LINE

Sales of SMS for commercial purposes are those with **the least potential for Lleida.net** product portfolio.

It is a straightforward SMS market for low volume clients.

Sales in 2020 have been remain stable compared to the figures of the previous year.

NFD	1,104	-1,389	-2,156	-767	-55%

DEBT EVOLUTION AND AND AVAILABLE LIQUID ASSETS

Debt evolution (thousands of euros)

The decrease compared to the third quarter is due to an amortization of the outstanding loans and to a lower use of short-term policies.

No new financing has been signed in the last quarter.

Available cash
(thousands of euros)

Cash available increase (Treasury + Short-term financial investments) in 448 thousand euros resulting from:

- Cash generated by the activity of the company itself
- Sale of treasury stock by the liquidity provider.
