**OTHER RELEVANT INFORMATION  
LLEIDANETWORKS SERVEIS TELEMÀTICS S.A.**

**Lleida.net will provide the certified email services and certified SMS services for postal operators in Senegal and Sierra Leone, and renews its agreement with Malawi Post.**

Pursuant to the provisions of Article 17 of Regulation (EU) No. 596/2014 concerning Market Abuse and Article 228 of the Revised Text of the Stock Market Law, approved by Spanish Royal Decree 4/2015, of 23 October, and related provisions, as well as Circular 3/2020 of BME MTF Equity on the information that must be supplied by growing companies, by means of this document LLEIDANETWORKS SERVEIS TELEMÀTICS S.A.: (hereinafter, “Lleida.net, or the “Corporation” or the “Company”) wishes to report the following information that has been compiled under the sole responsibility of the issuer and its trustees:

The technological services company Lleida.net (BME:LLN) (EPA:ALLLN) (OTCQX:LLEIF) has signed individual agreements with the national postal operators of Senegal and Sierra Leone, and has renewed its agreement with Malawi Post, the national postal operator for Malawi, under the framework agreement with the Pan African Postal Union which allows 55 national postal operators within the African continent to offer digital postal services with certified communications technology to Lleida.net.

Lleida.net has signed the agreements through its subsidiary Lleidanet SaaS Middle East and Africa DMCC and the partner software company eGate, based in North Africa.

Established in 1980, the Pan African Postal Union, under the umbrella of the African Union, was created 40 years ago to coordinate the 55 national postal operators in Africa and to encourage innovations in the postal services offered in the continent.

The signing of these two national postal operators and the renewal with a third has increased the number of Lleida.net's postal operator clients to 14 across three continents. The six operators currently generate 70% of all certified email traffic and 25% of all SaaS services, therefore this transition from six to fourteen will mean that these figures are expected to triple within three years.

We remain at your disposal should you require any further information.

Yours sincerely,  
Madrid, 23 August 2021.

Signed: Francisco Sapena Soler  
CEO and Chair of the Board of Directors
