contract for Colombia.**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, LLEIDANETWORKS SERVEIS TELEMÀTICS, SA: (hereinafter "Lleida.net", or the "Company" or the "Enterprise") brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

4-72, the Colombian national postal service, has renewed and extended a one-year contract with Colombian subsidiary Lleida SAS of Lleida.net (BME:LLN) (EPA:ALLLN) (OTCQX:LLEIF), a technology services company, to provide Lleida.net's proprietary registered e-notification and e-contracting services to Colombian citizens nationwide. The renewal includes all new registered services developed over the last few years.

The 4-72 registered electronic notification services have had a sustained year-on-year growth of 60% due to the rapid adoption of registered mail by Colombian institutions and companies. They account for more than 70% of the turnover of the Colombian subsidiary Lleida SAS.

In turn, this renewal proves the involvement, effort and commitment of 4-72 National Postal Services to strengthen the competitiveness of the Colombian economy both domestically and internationally by providing this type of service to citizens.

We remain at your disposal for any further clarifications you may require.

Sincerely,  
Madrid, 1 October 2021.
