Other relevant information

LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.

The Nigerian Postal Service will use Lleida.net's services and technology throughout the country.

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.: (hereinafter "Lleida.net", or the "Company" or the "Enterprise") brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

The Nigerian Postal Service (NIPOST) today joined the framework agreement signed last July between Lleida.net (BME:LLN) (OTCQX:LLEIF) (EPA:ALLLN) and the African Postal Union (PAPU).

NIPOST will distribute registered digital communications like the Registered mail and Registered SMS developed by Lleida.net as valid proof before courts of law and public administrations.

Nigeria is the largest country in Africa, and has 200 million people and over 190 million mobile lines. By signing this agreement, Lleida.net is taking a further key step for the market entry of Lleida.net, where it already has a patent.

Postal operators are customers that account for the vast majority of notifications from the authorities to citizens, being these notifications some 20% of the operator's total revenue and being the most profitable for the postal operator..

Based on a like-for-like comparison with other Lleida.net customers in full production, we expect that revenues from this new customer could reach an average annual revenue of up to four million euros over the next three years.

Postal operators in Côte d'Ivoire, Djibouti, Gambia, Guinea, Madagascar, Malawi, Senegal and Sierra Leone have joined the PAPU agreement..

We remain at your disposal for any clarifications you may require.

Sincerely,
Madrid, 24 November 2021. Francisco
Sapena Soler
