**inDenova by Lleida.net gets eIDAS qualification for its electronic signature,
time-stamping and electronic signature verification services**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.: (hereinafter “Lleida.net”, or the “Company” or the “Enterprise”) brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

inDenova, a recent subsidiary acquired by Lleida.net, has been accredited as a Qualified Trust Service Provider within the framework of the eIDAS (electronic identification and trust services for electronic transactions) Regulation of the European Union for its qualified certificate services for electronic signatures, time stamps and validation of qualified electronic signatures. Hence, it becomes part of the trusted lists (TSL) published in Spain by the Ministry of Financial Affairs and Digital Transformation, integrated into the TSL published by the European Commission

This recognition ensures that the services are automatically valid in any court in the European Union and in all courts where eIDAS qualified services are equally recognised. Qualified services are supposed to have data integrity and data origin presumption, which gives them the highest probative value for this type of service.

eIDAS is the European regulation on electronic identification and trust services for electronic transactions in the internal market

Achieving this recognition and the commercialisation of the services resulting from this qualification by the Lleida.net group will increase the turnover of SaaS services up to one million euros per year from next year onwards.

We remain at your disposal for any clarifications you may require.

Sincerely,
Madrid, 15 December 2021. Francisco
