Peruvian bank Interbank contracts Indenova by Lleida.net to issue 100,000 digital identities and to channel half a million transactions by 2022

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.: (hereinafter "Lleida.net", or the "Company" or the "Enterprise") brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

The Peruvian bank Interbank has contracted InDenova, a Lleida.net (BME:LLN) (OTCQX:LLEIF) (EPA:ALLLN) company, for the start-up and implementation of a new system for issuing digital identities and digital signature of documents.

Under this agreement, Interbank, the second most profitable bank in Peru, is to use InDenova technology to issue 100,000 identities by 2022. Moreover, Lleida.net expects more than 500,000 digital signature transactions to be executed through this technology over the next year.

Interbank has over two million customers and offers personal loans, mortgages, deposits, and commercial banking services as a whole. Under the agreement, Indenova by Lleida.net's digital signature solution will be integrated into Interbank's online banking, allowing customers to use their digital certificates to sign any document with the bank.

We are available for any clarifications needed.
