Lima's notaries will turn into issuers of digital identities thanks to a new agreement with Indenova by Lleida.net

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 4/2015, of 23 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.: (hereinafter "Lleida.net", or the "Company" or the "Enterprise") brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

Indenova by Lleida.net (BME:LLN) (OTCQX:LLEIF) (EPA:ALLLN) has signed a joint venture agreement with the Association of Notaries of Lima to enable notaries in the Peruvian capital to become registry entities for the issuance of digital identities with legal value.

As a result of this agreement, the company forecasts that approximately two million new digital certificates will be generated in the country by 2022.

This agreement also contemplates that Indenova by Lleida.net will generate the certificates and digital signatures of all the notary's offices in Lima and provide registered electronic signature services to all legal and administrative procedures.

We are available for any clarifications needed.
