LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.
**Lleida.net secures a European patent for trusting content in
blockchain operations.**

Under the provisions of Article 17 of the Regulation (EU) No 596/2014 regarding market abuse and Article 228 of the modified text of the Spanish Stock Market Act, approved by Spanish Royal Legislative Decree 6/2023, of 17 October and related provisions, as well as Circular 3/2020 of BME MTF Equity on information to be provided by Growing Companies, we are hereby informing you of the following information relating to LLEIDANETWORKS SERVEIS TELEMÀTICS, S.A.: (hereinafter “Lleida.net”, or the “Company” or the “Enterprise”) brings to your attention the following information that has been prepared under the exclusive responsibility of the issuer and its administrators:

The publicly traded Spanish company Lleida.net (OTC.US) (ALLLN.PA) (LLN.MA), a leader in the certified electronic signature, notification, and contracting industry, has been awarded European patent number **EP3761207** under the title "**METHOD FOR ENTRUSTING BLOCKCHAIN OPERATIONS CONTENT**" or a method for trusting and certifying content in blockchain operations. The patent addresses a significant challenge in networks and the blockchain industry: ensuring the trustworthiness of content once it's added to the network and preventing any unauthorised alterations thereafter.

With this approval, valid for 20 years, Lleida.net has now received 302 patents worldwide for its certification, notification methods, and its role as a digital witness in electronic contracts and notifications.

This patent grant is projected to yield the company approximately 30 million euros in additional revenue over its lifespan, primarily within the SaaS sector.

Lleida.net's growth strategy in the electronic signature, notification, and contracting market, both in its current presence and future expansion, revolves around a robust approach to intellectual property, R&D, and an enhanced internationalisation policy.
